ABOUT US

- Welcome to **TEXAAPS**
- Slogan: *Acute Infusion for Textiles Engineering*
- TEXAAPS is a leading supplier in Bangladesh's textile and spinning industry, delivering excellence through top-tier products, global partnerships, and unmatched technical expertise. With a strong focus on quality and innovation, we provide a comprehensive range of textile machinery, spinning spare parts, and textile solutions that support the country's ever-growing textile sector.

WHAT WE DO

At **TEXAAPS**, we specialize in:

- Supplying high-performance spinning machinery
- Providing quality spare parts for spinning mills
- Offering textile solutions tailored to modern industrial needs
- We serve spinning mills and textile manufacturers across Bangladesh with efficiency, reliability, and expert support.

GOAL

- To establish **TEXAAPS** as the premier engineering and supply partner for Bangladesh's textile and spinning industry—delivering value, performance, and trust through every product and service we offer.

MISSION

Our mission is to:

- Deliver high-quality spinning machinery, spare parts, and textile solutions that meet the evolving needs of our clients.
- Partner with renowned global manufacturers to bring world-class technology to Bangladesh.
- Provide reliable after-sales service, technical consultation, and customized engineering support to ensure optimal performance for every spinning operation.
- Contribute to the modernization and global competitiveness of the Bangladeshi textile sector

VISION

- To be the leading name in textile engineering solutions in Bangladesh—recognized for technical excellence, unmatched service, and sustainable business practices.
We envision a future where every spinning mill in the country benefits from the efficiency, reliability, and innovation we bring through our global network and local expertise.

OUR CORE VALUES

🔧 Engineering Excellence

- We are driven by precision and performance. Every product we supply reflects a commitment to high engineering standards.

🌐 Global Partnerships, Local Impact

- We bridge global innovation with local industry needs by representing leading international brands and technologies.

❤️ Customer Commitment

- We prioritize long-term relationships, offering personalized support, technical guidance, and responsive service at every step.

▣ Integrity & Quality

- We ensure authenticity in every spare part and machine, delivering only trusted and certified products.

⌚ Sustainable Growth

- We support the textile industry's growth through durable solutions that optimize energy, reduce waste, and ensure long-term reliability.

WHY CHOOSE TEXAAPS

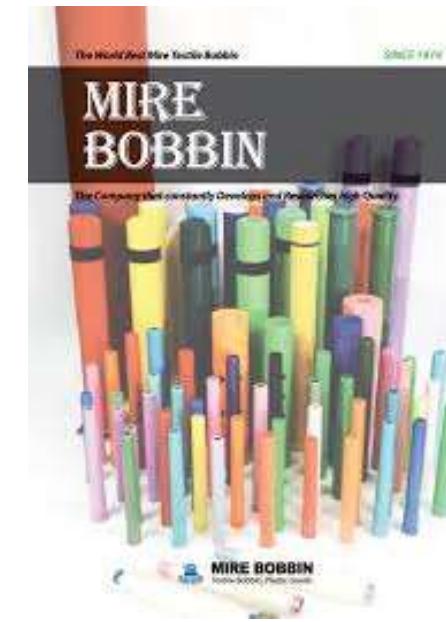

- Commitment to quality and authenticity
- Backed by global technology partners
- Focused on engineering-driven solutions
- Trusted by leading spinning mills in Bangladesh
- At TEXAAPS, we aim to infuse precision and performance into every aspect of textile engineering. Whether you are upgrading your machinery or sourcing reliable spare parts, we are your trusted partner in spinning innovation.

OUR GLOBAL PARTNERSHIPS

TEXAAPS is the authorized Bangladeshi agent for several world-renowned manufacturers, bringing advanced engineering to local industries:

- **LMW** (Lakshmi Machine Works Ltd.) – A global leader in Spinning Machinery and Solutions.
- **TAITAN ROTOR** – Known for its durable and efficient spinning components.
- **MIRE BOBBIN** – Trusted for high-quality bobbins used in precision spinning.
- **IDEAL SLIVER CANS** – A name synonymous with durable and high-capacity sliver handling solutions.

"Premium Spinning Solutions: LMW Machinery, TAITAN Rotors, MIRE Bobbins & IDEAL Sliver Cans – Reliability In Every Spin!"

"As the authorized agent, we supply state-of-the-art textile spinning machinery spare parts, automation solutions, and after-sales service to drive efficiency and innovation in Bangladesh's textile industry."

Why Choose LMW Spare Parts?

OEM Precision – Every spare part is manufactured to exact LMW standards for perfect fit and smooth performance.

Trusted by Mills Worldwide – LMW spares run successfully in millions of spindles globally.

High Reliability – Durable components that reduce breakdowns and extend machine life.

Value for Investment – Genuine parts ensure lower maintenance costs and maximum productivity.

Consistent Quality – Proven to maintain yarn quality and machine efficiency.

- **Proven Performance**
100+ machines running with 42,000+ rotor heads
- **Low Maintenance**
Minimal upkeep, effortless operation
- **Cost-Effective**
Lower running costs, higher ROI
- **High-Quality Output**
Consistent, premium yarn quality
- **Reliable & Durable**
Long-lasting performance, continuous production
- **Trusted by Industry Leaders**
Preferred choice for modern spinning mills

texaaps®
TRADING | CONSULTANCY | SERVICE

- **Durable Construction** – Made to withstand continuous high-speed spinning.
- **Smooth Yarn Winding** – Ensures minimal yarn breakage and uniform winding.
- **Lightweight & Easy Handling** – Reduces operator fatigue and improves efficiency.
- **Compatible with Ring & Simplex Frames** – Fits standard spinning machines.
- **Reliable Performance** – Maintains shape and quality over repeated use.
- **Cost-Effective** – Long life reduces replacement frequency and downtime.

MANAGING DIRECTOR

Engr. M. Imam Hossain Patwary
Managing Director, **Texaaps**

- Engr. M. Imam Hossain Patwary is a visionary **Textile Engineer** and **accomplished business leader**, holding a **First Class Bachelor's degree in Textile Engineering** from the prestigious **Bangladesh University of Textiles (BUTex), 1996**.
- With more than two decades of proven expertise in the **textile and spinning sector**, he has made a significant impact on Bangladesh's textile industry. Leveraging his deep technical knowledge and strong business acumen, he has successfully introduced world-class textile solutions, transformed global brands into market leaders, and consistently delivered superior-quality yarn to both local and international partners.
- Known for his **strategic foresight, innovation, and commitment to excellence**, Engr. Patwary has built a reputation for driving sustainable growth while maintaining the highest industry standards. His leadership philosophy is centered on **integrity, customer value, and long-term partnerships**, making him widely respected in the textile community.
- Today, under his dynamic guidance, **Texaaps** is shaping its identity as a trusted and forward-looking organization—dedicated to **innovation, sustainability, and global-standard excellence** in Bangladesh's textile sector.

DIRECTOR

A.K.M. Mazharul Islam (Noman) Director, Texaaps

- **Engr. A.K.M. Mazharul Islam (Noman)** is a visionary Textile Engineer and accomplished business leader who drives Texaaps' commitment to innovation, quality, and customer success. With a First Class Bachelor's degree from the prestigious Bangladesh University of Textiles (BUTex) and over 22 years of international experience with advanced spinning technologies, he brings unmatched expertise to the organization.
- His proven track record in the installation, commissioning, and after-sales service of high-performance **TOYOTA** Ring Spinning Frames (RX240/RX300) and Roving Frames (FL100/FL200) across Bangladesh, India, Pakistan, Brazil, Vietnam, and Thailand reflects the global standard Texaaps upholds. By aligning technical excellence with customer-centric solutions, he has consistently delivered measurable value to textile manufacturers worldwide.
- At Texaaps, his leadership ensures that every client benefits from world-class engineering knowledge, innovative problem-solving, and a commitment to sustainable growth—positioning Texaaps as a trusted partner for the future of textiles.
